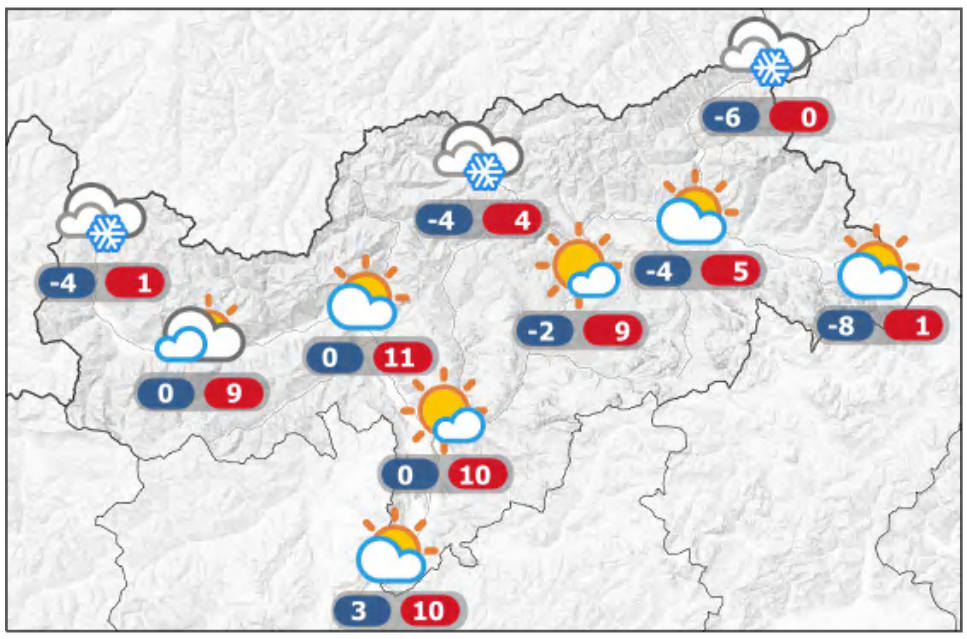
South Tyrol weather bulletin
Monday, 23.11.2026

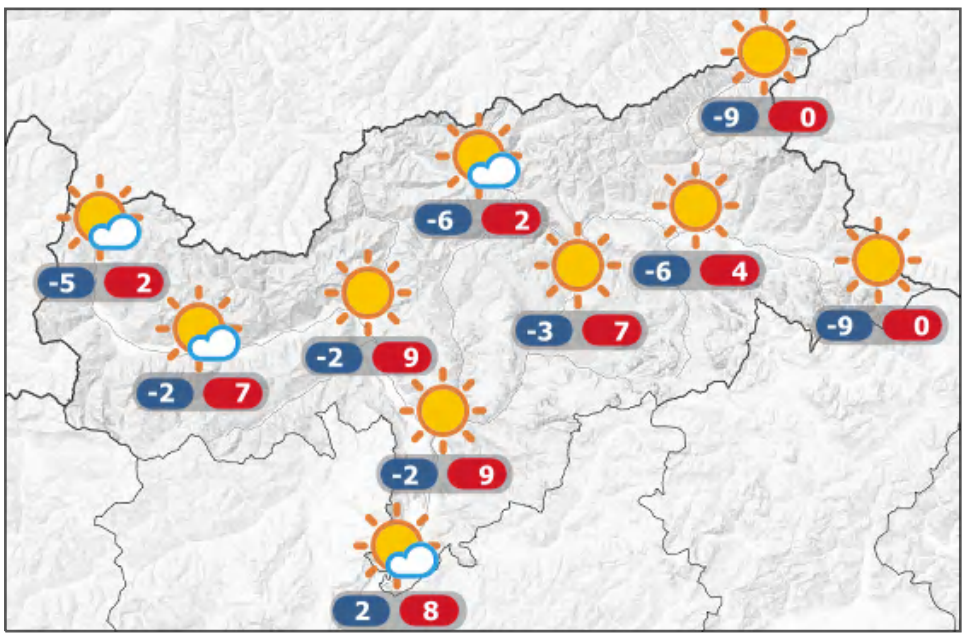
Forecast for today, Monday 23.11.2026
Partly sunny



Reliability: 70 %

Forecast for today
A northwesterly flow at high altitudes will bring slightly drier air to the Alpine region. Foehn conditions will develop on the southern side of the Alps. Towards the south, the clouds will break up during the day and the sun will shine at times. In the Vinschgau valley and along the main Alpine ridge, clouds will remain denser, with a few snowflakes falling in places. Northerly foehn winds will blow in some valleys. Highs will range from 5° to 12°.

Forecast for tomorrow, Tuesday 24.11.2026
Mostly sunny



Reliability: 80 %

Forecast for tomorrow
A temporary high-pressure system will ensure stable weather conditions. The sun will shine in the morning with only a few clouds. During the afternoon and evening, cloud cover will increase from the southwest. The morning will be cold with widespread frost. Highs will range from 2° to 8°.

Outlook for the next days

Wednesday 25.11.2026
-6° / -1° | 0° / 6°
On Wednesday, skies will be mostly cloudy with light precipitation at times. The snow line will be between 600 and 900 m.

Thursday 26.11.2026
-5° / 1° | 1° / 7°
Thursday will also remain unsettled. Some rain or snow is still possible, especially during the first half of the day.

Friday 27.11.2026
-9° / -1° | -1° / 8°
Friday will bring a mix of sunshine and clouds.

Saturday 28.11.2026
-9° / -1° | 0° / 9°
Saturday is expected to be sunny.
